TRAINING TOPICS

In the Core Essentials Course, youth gain foundational knowledge and skills to become "change agents" within local communities while building youth and adult partnerships. Trainers work to empower and inspire participants to speak out about things that are important to them, understand that they have a voice that needs to be heard and to provide them with the information and skills necessary to make that change.

The PhotoVoice course teaches photography and caption writing as a means for advocacy and data collection. Photovoice gives a voice to those who are normally not heard, and sheds light on issues that may often be ignored.

EMPOWERING YOUTH LEADERS TO BE POSITIVE ROLE MODELS IN THEIR COMMUNITIES
