PHARMACY STORES ONLINE

CARE ONLINE STORE

LEGITIMACY FACADE:

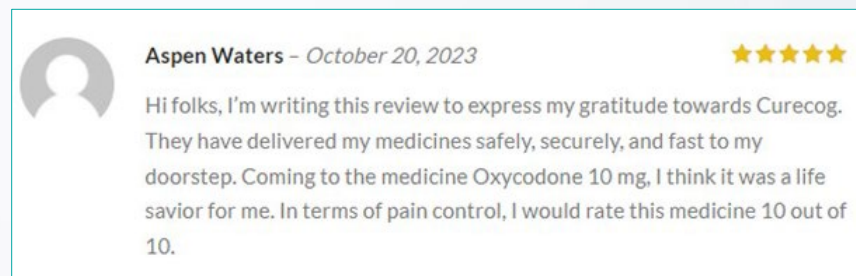

Website mimicked a legitimate e-commerce platform with product navigation, a cart system, an “About Us” page, privacy policies, and assurances of FDA approval.

WIDE DRUG OFFERING:

Sold 40 types of prescription medications, such as oxycodone, Adderall, Xanax, and Viagra.

DECEPTIVE SAFETY MEASURES:

Included misleading safety tips and customer reviews, urging users to verify pharmacy credentials while simultaneously promoting counterfeit products.
